

# School Check IN

## Basic Edition Version 6.20B38

### MAC Installation Instructions

School Check IN BASIC Edition is a standalone (non-networked) application that is designed to run on a dedicated MAC computer running OSX (10.6 or higher).

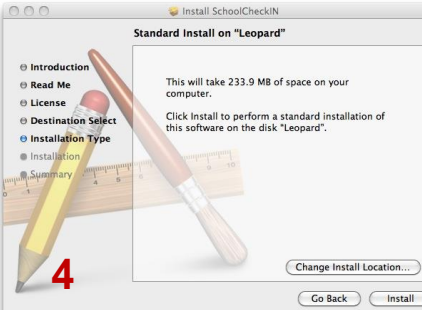

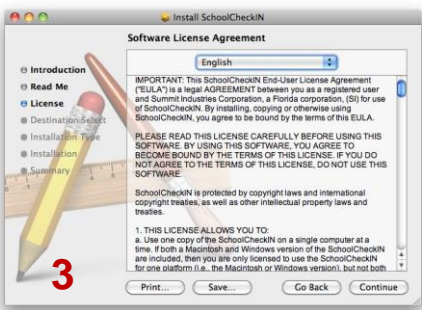

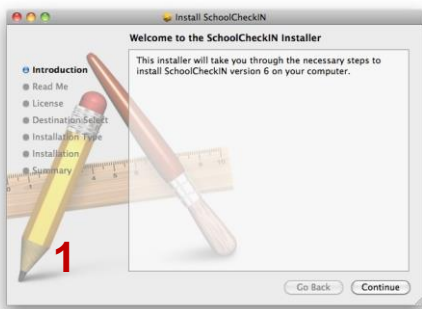

#### Installing School Check IN – Basic Edition

1. Download the 21 day demo from [www.schoolcheckin.com](http://www.schoolcheckin.com) to desktop of the your computer.
2. Unzip the downloaded file “SCI-MAC-620-NEW.dmg”.
3. To launch the installer, double click this file. The installation process will create a new folder called “SchoolCheckIN” in your Applications folder.
4. Follow the onscreen installation instructions.
5. A School Check IN icon will be placed on your desktop.

The current version 6 of SchoolCheckIN is already installed. Do you wish to proceed?

Should an existing installation of School Check IN be found, then an alert message will be shown.

Before installing over an existing version, always make a backup of the existing application folder.

POSSIBLE  
STARTUP ERROR

After installing School Check IN, some users may encounter this message when starting School Check IN. There are three (3) options to answer this problem.

1. Update to the current version of Java.

OR

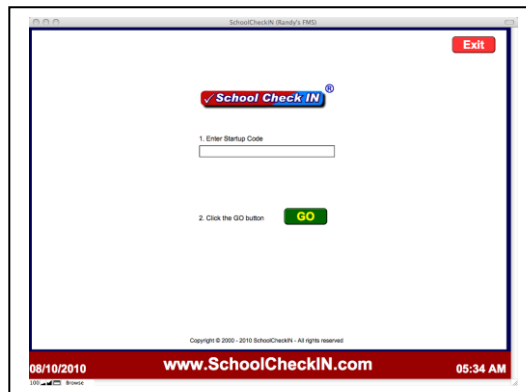

2. Open Finder and go to the SchoolCheckIN folder. Open the Extensions folder under SchoolCheckIN. Delete the SchoolCheckIN\_Plugin.fmpugin. Close Finder. Re-start School Check IN.

OR

3. Click OK and use School Check IN and accept this error message.

**Starting School Check IN on the Client For The First Time**

1. Click the School Check IN icon to start School Check IN. It may take a moment or two to launch.
2. Once School Check IN starts, you will be prompted to select Yes, or No for the Touch Screen Monitor option.
3. The next screen will require that a startup code be entered. **Enter today's date as MMDDYYYY followed by BB.** For example, if today is January 10, 2011 (01/10/2011), then enter **01102011B** as the Startup Code. Do not enter any dashes, slashes, quotation marks, periods, or commas.
4. Click GO when done.
5. School Check IN will launch.
6. Enter the startup password.

**Passwords**

School Check IN comes with default passwords.

Startup Password = **ATLANTIC**

Admin Password = **PACIFIC**

Office Password = **ATLANTIC**

**System Requirements**

**Windows-** XP, Vista, or Windows 7 (32 & 64 bit versions)

**MAC -** OSX (10.6 or higher)

**Computer** (dedicated solely for School Check IN)

512 MB memory (1 GB recommended)

10 GMB free hard disk space

Color monitor

Mouse

CD-ROM drive

USB port

**Printers**

**ID Badges or Passes --**

Dymo LabelWriter Printers -- Models 330, 400 or 450

**Reports --** Standard inkjet or laser printer

**Battery Back Up --** (not required, but recommended).

**Network Connectivity** (recommended for data backup and update purposes)

## School Check IN User Information

### Exiting (closing) School Check IN on the CLIENT.

1. Go to Admin.
2. Click the **red EXIT button**. This is the only correct way to close School Check IN.
3. Exit (close) School Check IN.

### Backups

1. When starting School Check IN, a data backup of your data is always made and stored in the \SchoolCheckIN\Exports folder. This default backup location may be changed (recommended) to store backups on another computer or server.

### Identifying the Printers

1. Click the Admin button.
2. Enter the Admin password.
3. Click Printers.
4. Identify the Dymo printer and your report printer. School Check In needs this information so it will know which printer to use for which function.

### TECH SUPPORT

Tech Support is provided **FREE** via email, FAQ's on the School Check IN web site and the Video User Guide. Please send all requests for tech support to [help@schoolcheckin.com](mailto:help@schoolcheckin.com). Be specific in describing your situation. Provide as much information as you can, (i.e. your name, school name, address, phone, fax, etc...) and of course your question, difficulty or comments.

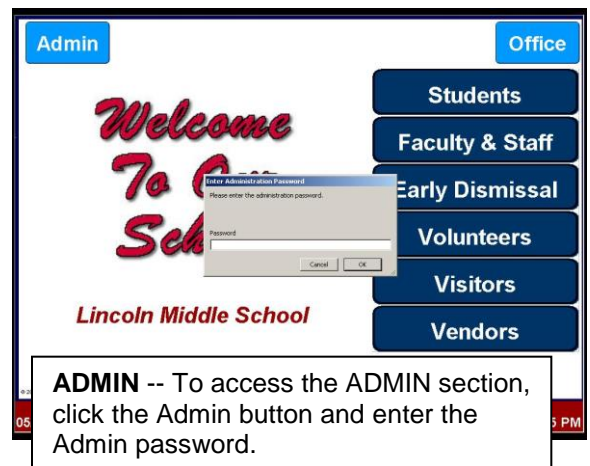

All email tech support requests are responded to within 24 hours or less.

### TELEPHONE TECH SUPPORT

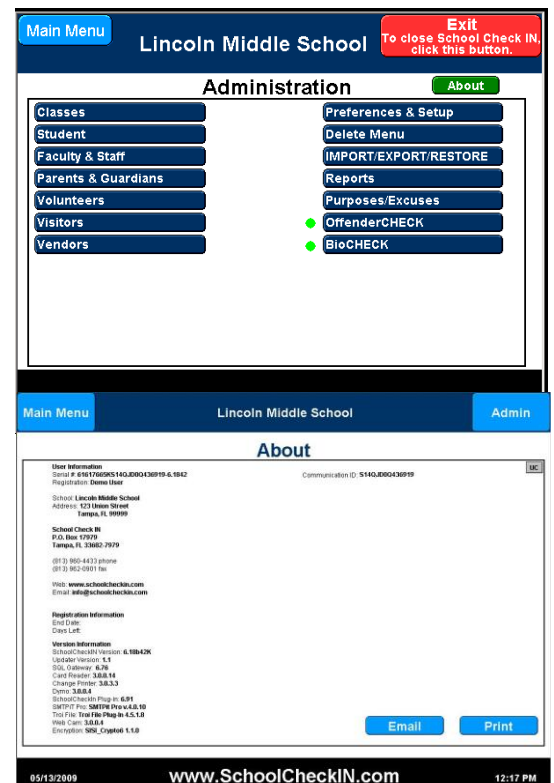

Telephone Tech Support service agreement may be purchased for \$100/yr.

### INSTALLATION/TRAINING SERVICE

Users may also purchase our web installation/training service for \$100.

**ADMIN** -- To access the ADMIN section, click the Admin button and enter the Admin password.

**EXITING or CLOSING** School Check IN must always be performed via the ADMIN section by clicking the red **EXIT** button.

**DO NOT CLOSE** (exit) School Check IN by using the "ctrl+alt+del" keys, or the "alt+F4" keys or the reset button, or the shutdown command or shutting off (powering off) the computer.

Closing School Check IN by any other manner will cause possible data or index corruption.

# WARNING

**#1 INSTALL / UNINSTALL:** Uninstalling is a drastic action. Once School Check IN is installed -- under no circumstances should the application be uninstalled, unless directed to do so by tech support. Uninstalling School Check IN will **DELETE ALL DATA**. Once this action is done, it cannot be undone. Should you encounter a situation (computer freeze, lockup, etc...) that you feel that the only way to correct this situation is to uninstall and then re-install School Check IN. Always contact School Check IN support **BEFORE** you take this action. **support@schoolcheckin.com**

**#2** The **DELETE** page is to be used with the utmost care.

Clicking the **DELETE** buttons **will delete all data**.

- ◆ **Delete Students** deletes **all** student records (lists) and **all** parent/guardians records (lists) associated with each student record.
- ◆ **Delete Volunteers** deletes **all** volunteer records (lists).
- ◆ **Delete Faculty & Staff** deletes **all** faculty & staff records (lists).
- ◆ **Delete Parent/Guardians** deletes **all** parent/guardian records (lists).
- ◆ **Delete Reports** deletes **all** "transaction records" that were created while using School Check IN. These "transaction records" are used to produce reports.

Once records are deleted, these records **CANNOT BE RECOVERED**.
